TOWNSHIP  
SCHOOL  
DISTRICT**

April 9, 2021

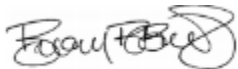

Dear Parents and Guardians,

As we wrap up Spring Recess it is important to again reiterate travel guidance issued by the state of New Jersey and reinforce that out of region travel will impact your child's eligibility to attend in person instruction during the week of April 12, 2021 depending upon your date of return to the region. Please be advised accordingly and factor subsequent quarantine requirements. If your child requires a travel quarantine they will attend to instruction remotely on any days they would have been assigned to in person instruction.

If your child gets tested for COVID-19 3 to 5 days after returning and the results are negative, the post-travel quarantine is 7 days from returning to New Jersey. If the person is not able to get tested, or if test results are not yet back, the post travel quarantine is now 10 days from returning. A quarantine cannot end early if symptoms are present.

In the event that you have elected to travel out of the region following the procedures above is a requirement.

Sincerely,

Brian Brotschul, Ed. D.

Superintendent of Schools
